Charley was one of the early settlers here having taken pot luck with the country since '69 and it was not without some regret that he left for good, his old stamping ground. There is a good healthy sentiment in this camp in favor of many of the Silver Party nominees, and Gen'l Jones is one of them.

Judge Talbot was looking over the District generally last Saturday. He is the nominee of the Silver Party for re-election to the office of District Judge for Lincoln, White Pine and Elko counties, with good chances of success. Judge Talbot has occupied the beach in this District for the past four years and during that time, by the fairness and justness of his decisions has made and retains many friends.

The Silver Campaign.

The campaign of the Silver Party was opened at Virginia in a most enthusiastic manner by the Hon. F. G. Newlands and the Hon. Thomas Wren last Saturday night. It was the most enthusiastic public gathering Virginia has known for years.

Naturally Mr. Newlands, as the Party's nominee for Congress, was the leading speaker. In its report of the meeting the Reno Journal says of him: "There is no nominee for Governor are billed to address speaker on the stump in the State of Nevada abler and more logical than Mr. Newland's. with a thorough understanding of a subject to which he has devoted years of study, fresh from the halls of legislation where his voice and influence second are to none, he was able to present, many new ideas in his most forceful and eloquent manner.

> He reviewed the history of the silver cause; dwelt on its importance; directed attention to the prominence it was sesuming and showed how our present agitation and future agitation would bring the issue to a successful sentiment. He advocated unification of action and showed how the true friends of silver all over the country were gradually uniting and coalescing. His remarks were greeted with enthusiastic applause both during its delivery and at the close."

Hon. Eugene Howell, nominee for Secre tary of State on the Silver Ticket, departed for White Pine and the west yesterday.

Mr. Howell represented Lincoln County during the eleventh session of the State Legislature with ability and credit to himself, and we have every reason to know that if he is elected to the important office of Secretary of State that it will be ably fitted by a young gentleman of experienced business and executive ability.

District Court.

The sitting of the District Court which commenced on Monday last was principally for probate business and for the naturalization of citizens.

In the estate of James McFadden, deseased, an order was made authorizing the Administratrix of the estate to sell the interest in the Jim Crow mine. Notice of the sale in published this week.

To-day the demurrer in the case of Geo S. Sawyer vs. J. Nesbitt & Bro , Mrs. J. McFadden and H. A. Cohan was submitted, and will be determined to-morrow.

---PLATFORM.

The Silver Party of Nevada, in Convention assembled at Carson City, on the 4th day of Reptember, 1894, declare that platforms should assert cardinal principles of political faith concerning questions of political interest and present moment without equivocation or evasion. We hold that littory has demonstrated that these principles are right and equitable, and their observance necessary to secure the welfare and individual happiness for which this Gavernment was established.

We deny the right or authority of the Government of the United States to pass my law restricting or abridging the privilege of any citizen to the free coinage of silver into examined many at the legal ratio of 16 to 1. Independent of any other nation, and we demand the repeal of all laws denying or abridging that right.

We assert that any law denying or abridging the right of free coinage of silver into standard many at the legal ratio of 16 to 1. Independent of any other mation, is a denial of the sovereignty of the people of the United States as a nation and independent State, and a law in restraint and abridgment of production and commerce.

We assert that from 1801 to 1891 inclusive, a period of 34 years last past, the Democratic party and the Republican party have note and administered the law of this nation; that that period has been characterized as of uninterrupted boundful harvests and boundful production from all our great natural resources and that our people have made unparalleled advances in skill, in every branch of manufacture and ar izauship, that the period has been one of general health, and notwithstanding the civil war, a period of unparalleled prosperity from 1861 down to 1873. In 1873 the Republican party passed have in restraint of the coinage of money, denying mintage to silver, the money we need in the pocket of every vitizen and iff of every store. The devalence of silver has been steady, greatual and unrelemine as the grap of the gold standard of money has closed around our industries and labor, and the price of every production of 1800r.

Three millions of our people are without the comforts and decencies of life, every industry in our nation is restrained, pinched and dwarfed by the demonstration of silver to the great injury of every laborer, producer and tradesman in the nation.

The volume of money in circulation should be speedily increased and always be fully adequate for the requirements of business. That all money should be a legal tender for debts both public and private. That no money should exist except such as is issued directly by the National Government, and nothing should be money except gold, sliver and Government paper.

We demand the abolition of National banks.

We demand the collection of the indebtedness of the Parine railway companies of the United States as it matures without any extension of time or change of terms or conditions.

A public office is a public trust. No. person or party should be trusted who has once violated that trust. Every citizen should contribute to the support of the Government in proportion to his means and in accordance with the necessity of good Government, but no Government should augment this burden or enlarge its necessities by unnecessary, needless interest bearing debts making weless expenditures, or by failing to promptly collect what is justly due it, whether it be a lean, a tax or a tarinf.

winst is justly due it, whether it be a loau, a tax or a tariff.

No grant should be made of public property for any other than a public purpose, and it is the duty of the Government to secure to the public the enjoyment of the benefit which was the consideration of the grant or declare it forfeited.

We demand Government ownership of telegraph lines and Government subsidized railroads.

LABOR.

We demand that no law shall ever be enacted restraining or abridging the development of our natural resources and we guarantee to the people freedom of pursuit and the inalienable right to enjoy the full value of all the property that their labor produces. We hold it as one of the training or human existence and modern progress and enterprise, that capital and labor should go hand in hand in the general advancement, happiness and good of this great commonwealth. Therefore we claim that capital and labor should stand on an equal footing before the law and that the laborer

For Justice of the Peace,

We your committee on platform and resolutions beg leave to report as follows: The Silver Party of Lincoln County, announces itself as in full sympathy and accord with the Silver Party of the State of Nevada. We recognize the declaration of princi-

ples contained in the platform of the Silver Party at Carson City on the 4th. day of September 1894, as being those best calculated, in view of the general depressed character of every business and other enterprise throughout our entire country, to bring about again a season of general prosperity and gladness to the whole people, and we most heartily en-dorse the said platform in its entirety. We believe the free coinage of silver, on a ratio of 16 to 1 to be one of our rights as citizens of this country. We believe, that without this our whole county will con-

ready at all times, and in every proper manner, no matter by what name it may be known, to assist to success, that party o organization, which has for its object the restoration of silver to its proper place as money in this country, and with this object in view, of such vital importance to every man in this commonwealth, we join hands, without regard to former political affiliations, and labor for the common

tinge to suffer from business depression

The demoralizing effects of the lottery system being so well known and being daily more and more understood, we pledge our strongest efforts to defeat the establishment of a lottery in this state.

Reforms should first begin at home. Efficient and competent officers in every department of our county government, these times of general depression, and in view of the indebtedness under which we labor, and which sooner or later, must be paid, are one of our primest necessities, and we pledge our best efforts to elect and to maintain a corps of county officers which shall be at once capable, efficient

and thoroughly honest. THE "PEOPLES"
